

ELISABETH DE BRABANT
CHINESE CONTEMPORARY FINE ART

XIAO HUI WANG 王小慧

Anniversary Solo

January 17th - February 28th, 2010

In celebration of our first year anniversary, this solo exhibition presents never before published works of the celebrated artist and photographer Xiao Hui Wang.

The artist's most intimate dialogue of secret pleats and corners is revealed: a drop of water examined, an edge of a fabric transformed, creating a pure, monumental, sensorial wash of abstract images.
